PROJECTS

Trinity Fellowship Church - tfc.org 2025

- Developed a website designed to complement their award-winning mobile app experience, implementing phased development and deployments for a smooth and easy transition from Wordpress to RockRMS
- Built reusable components that streamlines page creation, improving efficiency by enabling their team to build 30+ new pages while maintaining brand consistency

Hillcrest Church - hillcrestchurch.com 2024

- Developed and led the website re-launch, handling every stage from implementation through to successful deployment
- Optimized SEO strategy, boosting site ranking into the top 5 results

Shepherd Church - theshepherd.org 2024

- Developed and led the website re-launch, handling every stage from implementation through to successful deployment
- Communicated consistently with their communications director, in-house designer and communications team ensuring alignment with brand, messaging and communication goals
- RX 2024 Gold Circle Award Winner - Best in Web Design

The Crossing Church / The Point Church - Email Templates

- Created and tested dynamic email templates for use on the RockRMS platform to enhance communication and branding for newsletters distributed to at 1000s of patrons

WORK EXPERIENCE

Web Designer | Triumph Tech triumph.tech December 2022 - current

- Worked with large, prominent organizations in the Christian ministry space to rebuild and rebrand their digital footprint on the RockRMS platform. As part of a small team, I was the subject matter expert for email templates and RockRMS check-in themes. For a full list of projects, visit gianlazaro.com/projects

Healthcare Specialist / Company Personnel Clerk | US Army 2017-2021

- Coordinated with the Brigade, Battalion and Company leadership through emails and weekly training meetings to establish training schedules, increasing the company's monthly training capacity by at least 25%
- Selected among ~350 Soldiers in two national training rotations (2018 and 2020) for medical evacuation expertise and taking lead on an unfamiliar role and exceeding expectations by learning on-the-spot, in a fast-paced work environment
